

Rhythms of the Refuge

Open Your Eyes to Wildlife

*An Educators Guide to Tualatin River
National Wildlife Refuge*

Acknowledgments

The U.S. Fish & Wildlife Service educates the public about the environment in order to work together on conserving, protecting and enhancing plants, animals and their habitat. The Tualatin NWR environmental education program enables students young and old to learn the value of our ecosystems. When we collaborate with schools and other educational groups, we extend the learning process beyond conventional classroom limits and benefit society immeasurably.

Funding Acknowledgments:

This Guide was written and field tested through grants from:

Clean Water Services, a public utility committed to protecting water resources in the Tualatin River Watershed. See <http://www.cleanwaterservices.org>

Metro / US Fish and Wildlife Service Greenspaces Program Grant. This program is administered by Metro which is the directly elected regional government that serves more than 1.3 million residents in Clackamas, Multnomah and Washington counties, and the 25 cities in the Portland, Oregon, metropolitan area. See <http://www.metro-region.org/>

National Fish and Wildlife Foundation. The Foundation conserves healthy populations of fish, wildlife and plants, on land and in the sea, through creative and respectful partnerships, sustainable solutions, and better education. It meets its goals by awarding matching grants to projects benefiting conservation education, habitat protection and restoration, and natural resource management. See <http://www.nfwf.org/>

Curriculum Team:

Berk Moss, June Poling, Andrea Brayko,
Yvonne Brayko, Sue Manning, Janice Jenkins
Nancy Fallin, Kim Strassburg

Table of Contents

Introduction	1
Field Trip Preparation.....	19
Pre-Field Trip Activities	39
Behavior/Skills in Nature – “Manners”	
Developing Nature Observation Skills	41
Outdoor Manners	45
Nature Journal (K-2)	46
Creating a Nature Journal (6-8)	48
Nature Walk With Homemade Binoculars	51
Content Knowledge	
Meet a Tree	53
Parts of a Tree	55
The Energy Game	57
Refuge Web of Life	59
No-Trash Lunch	65
Stickler Hunt	67
Where's My Home?	69
Duck Feathers	71
A Visual Hypothesis	72
What is a Wildlife Refuge?	74
What's Special about TRNWR?	81
Wetland Metaphors	89
What is a Watershed?	92
Water Monitoring Instructions	96
On-Site Activities	105
All Sites	
Nature Bingo (K-2)	107
Nature Bingo (6-8)	110
Wildlife Inventory (K-2)	113
Wildlife Inventory (6-8)	117
Signs of the Seasons	123
Don't Just Do Something, Sit There!	127
Plant Diversity	129
Refuge Expedition	133
Bird Adaptations	138
Walkin' the Transect Line	141
Station #1 Wetland Ponds	
Life in a Pond	145
Wetland Wonders – Pond Study	149
It's a Small World After All	154
Water Quality Survey	156

Station #2 Oak Savanna	
Oak Savanna History	168
Oak Savanna Ecosystem	172
Good Oak	175
Environmental Contrasts	185
My Special Tree	188
Tree Cookies	192
Seed Inventory (K-2)	195
Seed Dispersal (6-8)	198
Station #3 Habitat Edges	
Environmental Contrasts	202
Habitat Comparison Walk	205
Station #4 Rock Creek	
It's a Small World After All	210
Water Quality Survey	212
Station #5 Riparian Forest	
Riparian Forest	224
Riparian Zone Inventory	227
My Special Tree	229
Tree Cookies	233
Stump Hunt	235
Rotten Logs Help Everyone	241
Dead or Alive?	243
Post-Activities	245
 Direct Follow-up Lessons	
Habitats	247
Class Mural	249
Specialist Teams	251
Water Quality Survey Analysis	255
 Service Projects	
Service Learning in the Environment	259
Attracting Wildlife to Your School	261
 Extensions of Knowledge	
Make a Mini Wildlife Refuge	264
Manage a Mini Wildlife Refuge	266
Additional Resources	275
Educator Resources	276
Benchmarks	280
Maps	282
Bus Driving Directions	287
Lesson Plans	289
